Plate/Bracket for 3.5" LED combo downlight

Without Lip

Description:

These brackets make installing 1 head, 2 head, 3 heads 3.5inch combo downlight in new construction applications a breeze. Simply install the plates at your designed locations before installing the Light, have your drywallers cut/router the holes for your lights using the plate as a guide, and then snap your light into place after drywalling is completed.

Easy to install, mount and configure

Ideal for use in new-construction applications
